Carrier Liability Options

The Illinois Commerce Commission licenses and regulates movers within the state of Illinois. Licensed professional movers must comply with ILL C.C. standards regarding your move. This governmental agency insures all licensed movers offer three types of coverage when moving your household goods.

Minimum Released Liability—You release your goods to a minimum coverage of \$0.30 per pound per item. This is included in your transportation rate.

Declared Value Coverage— If you do not expressly release your shipment to a value of \$0.30 per pound, the value of your goods will be determined by multiplying the weight of the shipment by \$2.00 per pound. The additional transportation charge for this coverage is \$5.00 per \$1000.00 of value. You have the option to declare a higher value.

Full Replacement Insurance— For a reasonable charge, insurance can be purchased to cover all items carrier packed and moved against lost or damage. This coverage ensures your belongings are covered for repair, replacement or reimbursement if repairs cannot be made for up to 100% of their current retail value. There are two choices of deductibles.

Example of Shipment Liability and Claim Settlement
